Resident Spotlight

Margy Bower

Margy is in our spotlight for the month of July! Margy is a wonderful and caring resident who is very involved in activities at Grossmont Gardens. Margy is 97 years old and she is from Detroit, Michigan. Her favorite part about living at Grossmont Gardens is playing Bingo in the South and likes to draw. Margy says she used to love to dance. She would always dance the Boogie Woogie. One piece of advice she would give to others is "Just be happy, be nice to people and don't be afraid to talk."

The Birth of a King

On July 18, 1953, a young man named Elvis Presley walked into the Sun Records studio in Memphis,

Tennessee, to make his first record. The resulting acetate disc, with just two songs—"My Happiness" and "That's When Your Heartaches Begin"—was supposed to be a gift from Elvis

to his mother. Rumor has it, though, that the Presleys did not even own a record player. And besides, his mother's birthday had long passed. Many speculate that the recording was an attempt by Elvis to get the attention of Sun Records owner Sam Phillips.

Apparently, Elvis made an impression, because he was invited back to the studio a year later, on July 5, 1954. At first, the session was uninspiring. The band was about to give up when Elvis began fooling around, goofing off, and singing. That sound was exactly what Phillips was looking for, and the King of Rock 'n' Roll was born.
